

Getting a copy of your P5 Write up Form

Remember, you have to make a copy from the **ShaperoPickUp** folder.

- * Get on your Google account
- * Go to the Drive app (upper right 9 dots, then select Drive)
- * Click on Shared With Me (on left side of page)
- * Double Click on ShaperoPickUp
- * Double Click on Fiction Forms or Informational Reading Forms (depending on what kind of book you read)
- * Right Click to Make a Copy
- * The copy of that form will go to your own MyDrive

Then from within Google Classroom, you can ADD that file when you go to make your write up.
