

## 4<sup>th</sup> Grade Terra Nova Information

**(See Schedule for dates)**

- Everyone is to arrive at school by no later than 8:35am. Students arriving later must check in at the front office instead of going directly to our classroom.
- It is recommended that students get a good night's sleep and have a good breakfast each morning.
- Students are not allowed out of their seats during testing, except to go to the bathroom.
- There is absolutely no talking during testing.
- All students must have a chapter book, a silent puzzle, a drawing pad, or something silent they can do at their seats when they finish a section.
- Students may bring a snack (no nuts) each day there is testing for energy boosts during breaks between tests.
- There will be no reading lessons or reading assessments this week.
- If you anticipate a doctor's appointment for your child during Terra Nova week, please schedule the appointment in the afternoon. Our Terra Nova testing will be in the mornings.
- It is to the student's advantage to be here for all testing days, otherwise they may miss one or two classes or specials the following week to make up their tests.
- The test schedule for each day can be found on my website's homepage. Any changes in testing will be updated at that link.
